DETAILED ACTION

Claim Rejections - 35 USC § 102

1. Claims 1-6, 8, 10, 11-16, 18, 19 are rejected under 35 U.S.C. 102(b) as being anticipated by Tharpe, Jr et al as discussed in paragraph 1 of the last office action.
2. Claims 7, 9, 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Tharpe, Jr et al as discussed in paragraph 3 of the last office action.
3. Applicant's arguments filed 6/3/2005 have been fully considered but they are not persuasive. In response to applicants arguments regarding primary reference, Tharpe not teaching biasing against a partially formed tray, examiner maintains that Tharpe, Jr disclose that folding arm 218 forms folds (col 6 lines 51+) when interacting with platen 212. This reads on the currently recited claims.

In response to applicants arguments regarding the second folding arm not folding a portion through a passage, the examiner interpreted the passage in between compression plate 400 and fixed plate 420 wherein second folding arm 412 is biased against a portion of the tray through the passage as claimed.

In response to claim 8, the contacting surface of platen 212 reads on a guide plate as claimed.

In response to applicant's arguments regarding the non-enabling disclosure of Tharpe, Jr, the examiner is interpreting the recited claims in a broad context and is utilizing the figures and specification as discussed in the office action accordingly to meet the claimed language.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
